Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 18 references to be considered by the Examiner. Also enclosed is 1 foreign patent reference and/or non-patent literature as listed on the Information Disclosure Statement. As provided by 37 C.F.R. § 1.97(h), the filing of this Information Disclosure Statement shall not be construed as an admission that the cited reference is material to patentability.

The Examiner appreciates that the files of these applications and the co-owned applications previously cited to the Examiner may contain office actions, attorney arguments, allowed claims or indications of allowable subject matter, and cited references which the Examiner may consider to be relevant and/or material to the present application. In addition, as some or all of these applications may still be pending, future office actions, attorney arguments, notices of allowances, and cited references may be included in these files. Applicant understands that the Examiner has access to these files on a continuing basis, including any present or future office actions, attorney arguments, allowed claims or indications of allowable subject matter, or cited references listed therein, for review if the Examiner feels these documents are in anyway relevant or material to the examination of the present claims. If, however, the Examiner does not have access to these
